Billet Dome Light with switch

#IL-06B

\$79.00

Simply press the lens for the switch when you need a light driving down the road, or open up the door and it will come on with your door jamb switch.

Thank you for buying a StreetWorks product. Be confident that it will provide the quality and performance that you demand for your car. *Please read and understand ALL installation instructions before beginning.* Planning and preparation will make the actual installation process easy and quick.

DISCONNECT POWER AT THE BATTERY BEFORE DOING ANY WIRING!

1. Cutout the template and plan where it will fit. Keep in mind the space needed behind the light.
2. Cut your headliner and drill your holes in the centers of the crosses with a 3/16" drill bit for the body pins
3. Check for fit without body pins in place, slide body pins in the slots and then make sure they lineup.
4. Wire per diagram to left. Then make sure it works.
5. Push the light in with the body clips when everything is lined up.
