

# Blue Diamond Classics® 1955 Pedal Car Assembly Instructions

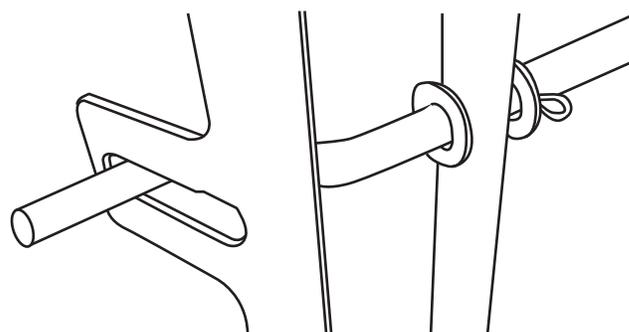

**1** Turn the car on its right side on a soft surface to protect the finish. Partially insert the steering shaft through the slot in the front crossmember and install one washer before inserting the shaft into hole in the frame.

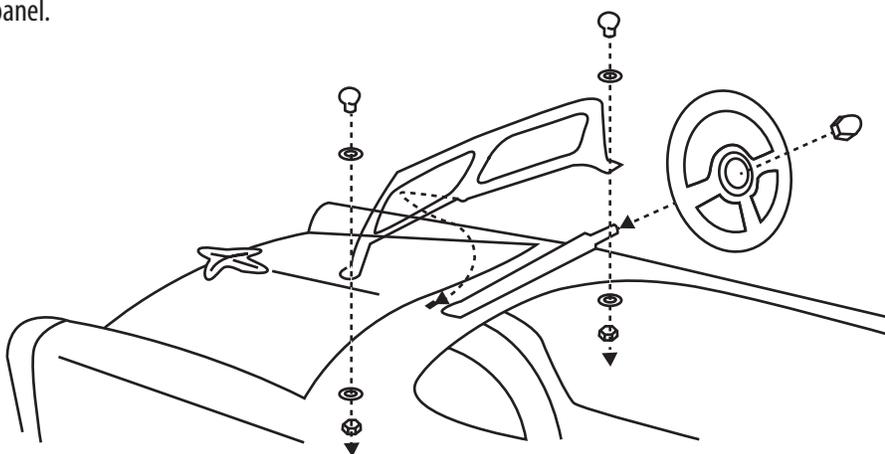

**2** Insert steering shaft through hole in the frame and install second washer.

**3** Insert steering shaft through hole in the top body panel.

**4** Insert cotter pin into pre-drilled hole in steering shaft to locate and retain shaft.

**5** Assemble windshield and steering wheel as shown

## **WARNING!**

This is a ride-on-toy. Ride-on-toys should not be used on hills, thoroughfares, steps, near swimming pools, or any kind of incline. This pedal car does not have a braking system. Children must always wear shoes when riding the car. Do not allow children to ride the car with long or untied shoe laces. Parental supervision must be maintained at all times while car is in use. Never leave children unattended while riding the car. Not suitable for children under 3 years old due to small parts. Single rider only!
